To  
Katherine Guryev  
Q.A. Manager  
Raphael Valves Industries Ltd

Re: **Product approval for use with drinking water**

Based on SII test certificates no. 7112212982 for complying  
with the requirements of SI 5452 (2016)

In accordance with the instructions of the Israeli Ministry of Health and after testing representative samples of the product and receiving a relevant information about it, we have no objection to the use of hydraulic valves type "ULTRAF", made by "Raphael Valves Industries Ltd", Israel, for use in drinking water applicatios up to 40°C.

Any modification of the product or its composition requires further examination and re-approval.

This letter does not constitute a recommendation to use the mentioned product and should not be published in the mass media.

This approval is valid until May 25, 2027.

Sincerely,  
Asaf Amram  
Head of water section  
Chemistry, Food and Water Branch

**This document is not approval for marking the product with the Standards Mark**

The information in this approval will be published in "search engine drinking water SI 5452"  
on the SII site
